Preface

We are delighted to welcome you to attend the International Conference on Engineering Education 2012 being held this year in Turku, Finland from July 30th to August 3rd. This booklet together with the ICEE 2012 Abstract Book, ICEE 2012 Proceedings, and the conference materials package will guide you through the event.

The main theme of ICEE 2012 is *Contributing to Success through Innovations in Engineering Education*. This theme is visible in the keynote presentations, paper and poster sessions, and workshops. The rich topical program will surely facilitate lively discussions and contribute to further development of engineering education globally.

In addition to the topical program, the social events and visits form an important part of the ICEE 2012 experience and provide opportunities to network with colleagues and, naturally, enjoy the Finnish hospitality and culture. Furthermore, it is worth exploring all the different opportunities Turku, the oldest city in Finland, can offer during your stay.

The organizing committee and conference staff together with the international committee members and the iNEER Secretariat have made a great effort to enable ICEE 2012. We are all ready to serve you also during the event. Please do not hesitate to contact us if there is anything we can do for you!

We hope that your ICEE 2012 experience will be very successful both professionally and personally!

Welcome

It is my great pleasure to welcome the international engineering community to Turku University of Applied Sciences (TUAS) for the 18th International Conference on Engineering Education, ICEE 2012. TUAS is one of the leading universities of applied sciences in Finland. It has nearly 10 000 students studying for a Bachelor's or Master's degree.

The main theme of the conference is 'Contributing to Success through Innovations in Engineering Education'. Innovations are created in applied research and development integrated with education to promote entrepreneurship, the competitiveness of companies and wellbeing of citizens.

Turku is the oldest city in Finland and it lies on the south-western coast, sheltered by a unique archipelago of over 20 000 islands. The European Capital of Culture 2011 offers a wide variety of museums, theatres and happenings. With nearly 40 000 students in higher education, Turku is a perfect combination of past, present and future.

Yours sincerely

Dr. Juha Kettunen

Rector

Turku University of Applied Sciences

Message from Conference Chair

On behalf of the iNEER network and the ICEE2012 organizing committee, I welcome you to Turku and especially to our engineering education community. I hope that during this conference you will make new friends with colleagues from Turku as well as with colleagues from all over the world.

The conference theme this year is 'Contributing to Success through Innovations in Engineering Education. Innovations are a hot topic at the moment all over the world, and I am sure that all of you share my belief that sustainable global success can only be achieved by educating more innovative engineers. To reach this goal we need to explore how to change our engineering education to better correspond to the need of being innovative.

iNEER helps engineering educators by providing a global society, where people can share their experiences about how to make our next generation of engineering students become the future innovative players in working life. We need

to define the skills, knowledge and attitudes needed. In the ever-changing working life, iNEER has a very important task in connecting people from all over the world to form partnerships with each other, and this way improve engineering education.

In the ICEE2012 conference we also have a set of interesting parallel workshops on Engineering Education related topics. We believe that these workshops will provide you with ideas to benchmark developments taking place in some of the universities.

Our team here in Turku consists of people from three different universities. We have worked hard to create a conference which would prove to be a worthy continuation on iNEER's conference series and which will bring added value to all participants. I want to address my warmest thanks to our entire team for making this event possible.

I hope that the participants will also enjoy our city and the Finnish nature which proves to show its best character at this time of year, although the midnight sun cannot be seen here in Turku during our conference time.

With warmest regards

Dr. Olli Mertanen

Vice Rector

Turku University of Applied Sciences

General Chair, ICEE 2012

Medieval market (*Ville Koski*)

Message from iNEER

Dear Delegates of ICEE-2012:

Some of you may recall that the last time we met in Scandinavia was more than 10 years ago in Norway at ICEE-2001. Now we join Dr. Olli Mertanen and his colleagues to welcome you to ICEE-2012 in Turku, Finland, to take part in reviewing the latest innovations in engineering education and research. This is also an occasion for us to greet old friends and meet new ones. In the process, we will explore Turku the city and, if our time permits, the beautiful country of Finland. You will also enjoy what Professor Mertanen and his colleagues call the “Scandinavian atmosphere.”

The organizing team here is striving to bring you a world-class technical program, and a social and tours program that is unmatched and uniquely Finland. You will have a lot to absorb by seeing and doing. The team here are faculty from Turku University of Applied Sciences and neighboring universities who are themselves top-notch

researchers and educators actively doing work at the forefront of engineering education. You will enjoy sharing experiences with these friendly folks and with other equally friendly participants. You will also enjoy Finland and its people, their culture, and their hospitality. Here, when you stop someone on the street to ask for direction, more likely than not, that stranger will take you to where you want to go!

If you have a few extra days after the conference, it will be worth your while to get around a bit in this country. It should be easy to do: the intra- and inter-city rail and bus transportation system in this country is among the best that we have seen. The archipelago system around Turku itself is something that we plan to explore. In this small, bilingual (Finnish and Swedish) country, how do you imagine they deal with the education issue? They solve it by introducing a third language: English! So, if you speak English, you will have no problem in Finland. If you know the State of Minnesota in the U.S., with

its famously cold winter weather, and you come to Finland in the middle of winter like one of us (WA) did earlier this year, then you will know why Minnesota has so many citizens of Finnish descent. We have always observed that, when people choose a place to emigrate to, more likely than not if they have a choice, they choose a place very similar to where they are now, at least in terms of weather.

So, please enjoy. It is good to see you all here.

Sincerely

Tomas Cermak

The iNEER Board presents a number of awards each year to recognise highly qualified individuals and educational partnerships for their contributions to advancing international understanding and cooperation in engineering education and research. The awards are based on nominations by members of iNEER and are reviewed by an international committee appointed by the Board. Awards, in the form of engraved plaques, will be presented at the Awards Ceremony on 1 August 2012 at the Turku Castle.

AWARD CATEGORIES

iNEER has a number of awards which they present to recipients during the ICEE conference. Three of these are highlighted as follows.

Leadership Award - This is the highest level of an award given by iNEER. This award is presented to an individual or educational partnership for visionary leadership, for significant innovations

and for producing broad, long-lasting, positive impacts on international engineering education and research. The ideas and/or work for which such a leader is recognised with this award will be of an over-arching nature with global impact.

Achievement Award - The second highest honour given by iNEER, this award is given to an individual or educational partnership for innovations and exemplary, sustained, superior accomplishments in promoting international cooperation in engineering education that benefit a number of institutions in several regions of the world.

Recognition Award - This award recognises an individual or educational partnership for innovations and sustained, dedicated and exemplary contributions to international cooperation that have led to close interaction between institutions in two or more nations.

General Information of Turku

THE CITY OF TURKU

Turku, the capital of Western Finland, is a fascinating combination of both old and new.

Turku has everything for the modern urbanite, but also for tourists interested in the treasures of history. Turku offers skilled and educated workforce, modern municipal engineering, good international connections and flexible service for companies and businesses.

Turku is a nationally remarkable harbour, trade and fair city; a popular location for congresses and other major events. As the most famous cultural city in Finland, Turku offers many different types of events all year round. For example, the oldest rock festival in Europe, Ruisrock, the Medieval Market, Music Festival Aurajoki Virtaa and the Turku Music Festival are part of the summer in Turku.

The river Aura

Turku Cathedral

In the wintertime, the official Christmas City of Finland is filled with numerous performances, events and Christmas markets. The Christmas in Turku culminates in the proclamation of Christmas peace on Christmas Eve from the balcony of the Brinkkala building, which is televised internationally.

Turku has a longer educational history than any other Finnish city - the first school in the city, the Cathedral School, was founded along with the Cathedral of Turku in the late 13th century.

The first university in Finland, the “Royal Academy of Turku” (now University of Helsinki) was established in the city in 1640. Today Turku is home to about 35 000 higher education students.

Turku University of Applied Sciences (TUAS) is one of the most attractive universities of applied sciences in the country. TUAS is a multi-branch educational community of some 9 000 students and 750 staff members.

The University of Turku is one of the largest academic university in Finland (20 000 students), as measured by student enrolment, and one of the oldest as well, having been founded in 1920.

Åbo Akademi, founded 1918 as the second academic university of Finland, is Finland’s only Swedish-language university.

The city also offers studies at Diaconia University of Applied Sciences, HUMAK University of Applied Sciences, and Novia University of Applied Sciences.

HISTORY AND ART IN TURKU

The Museum Centre of Turku offers the museum visits in Turku at a discount of 25%. All conference participants will get the discount by presenting the museum code at the ticket office while purchasing the ticket.

ICEE 2012 museum code is: Museo071204. The code is valid during the conference 29 July - 4 August.

The Turku City museums are:

- Turku Castle
- Wäinö Aaltonen Museum of Art
- Luostarinmäki Handicrafts Museum
- Pharmacy Museum and the Qwensel House
- Turku Biological Museum
- Kylämäki Village of Living History (Free entry in 2012)

Turku riverside

ICT Building

CONFERENCE VENUE ICT BUILDING

The main venue of the conference is the ICT Building in the Turku Science Park area near the city centre. ICT Building is the home of the higher ICT education in Turku. The facilities are used by more than 3 000 students and 700 staff members.

Visiting address:

Turku University of Applied Sciences, ICT Building,
Joukahaisenkatu 3, FI-20520 TURKU, Finland

Registration Desk Opening Times:

<i>Monday 30 July</i>	<i>17.00 to 20.00</i> At Brewery Restaurant Koulu
<i>Tuesday 31 July</i>	<i>8.30 to 17.00</i>
<i>Wednesday 1 August</i>	<i>8.00 to 16.30</i>
<i>Thursday 2 August</i>	<i>8.30 to 14.00</i>
<i>Friday 3 August</i>	<i>8.00 to 15.00</i>

Bus Transportation to the Conference Venue

Bus transportation to the Conference Venue from the Orthodox Church (Yliopistonkatu 19) starts:

Tuesday 31 July 8.15 and 8.45

(Note, that the registration takes some time, consider taking earlier bus)

Wednesday 1 August 7.45

Thursday 2 August 8.15

Friday 3 August 7.45

Please, be on time, buses are driving on schedule.

Please note that there is no organized transportation back to the hotels.

Name Badges

Your name badge must be worn at all times as it is also your ticket to conference sessions, tea/coffee, lunches and social events.

- Full Delegate - White Badge

- Day Delegate - Pink Badge
- Student Delegate - Yellow Badge
- Accompanying Person - Aniline Red Badge
- Sponsor - Green Badge
- Staff - Blue Badge

Note: The Day and the Student Delegates' fees do not include participation in social events.

Accompanying Persons

The Accompanying Person's package includes:

- Get-together event on Monday 30 July
- City Reception on Tuesday 31 July
- Gala Dinner on Wednesday 1 August
- Daily morning and afternoon refreshments and lunch at the conference venue.

Accompanying persons are not entitled to attend conference sessions and will not receive the conference materials package.

Stairs at ICT Building (*Heikki Rahkonen*)

PRACTICAL INFORMATION

Internet access at the ICT Building

SparkNet WLAN is available at the ICT Building to all conference participants. You can find your user ID and password to SparkNet in your conference package. There are several computers available for free use in classroom B1039.

Smoking at ICT Building

Smoking is prohibited inside the ICT Building. You can find the smoking area outside the C wing front door.

In case of emergency

In Finland we use only one emergency number, 112. You can call the emergency number 112 free of charge from any phone with no need for an area code. You can also call 112 using a foreign mobile phone (no area code is needed, just dial 112).

Map of Conference Venue

Joukahaisenkatu Street

Entrance	Info desk	Elevator	Stairs	Auditorium	Lunch restaurant	Restroom	Smoking area
▶							

ORAL PRESENTATION

- Be present at least five minutes before your presentation session begins.
- The chair for each session will introduce the session and control the question and answer section. The session chair informs you when you are running out of time and will stop the presentation at the end of your allocated period, please be prepared for this.
- Introduce yourself to the chair and give her/him your name, institution and country on a paper sheet.
- Check that your presentation is available and uploaded on the computer. A technician will be available to assist you during your presentation.
- Remember that you have actually less than 15 minutes to present your paper and then at least 5 minutes for questions and discussion.
- If a presenter is missing she/he will not be waited for. The next presenter will take the place of the missing presenter and the session will end before the allocated time.

- If you need to preview your presentation, please, contact registration desk.

POSTER PRESENTATION

- The conference poster session will be held on Wednesday, 1 August, from 14.00 to 15.00.
- The place of poster session will be at the entrance hall of the ICT Building.
- During the poster session, at least one of the authors must remain at the display to introduce the contents of the display, answer questions and discuss the topics of the poster.
- The conference organizers will bring the poster screens and pins to the entrance hall in the morning on Wednesday, 1 August. They also mark the screens by paper numbers.
- Find your screen during the Wednesday morning and mount your poster on the screen using the pins. Please, do the mounting during the lunch break at the latest.

Local Connections

Turku has frequent and reliable local bus connections. All the bus routes pass via the Market Place. At Eerikinkatu street you can find bus stops for the routes 6, 32, 42, 110 and 320 which drive near the ICT Building. The payment system in the buses in Turku is mainly based on different bus cards; however the easiest, but not the cheapest, way is to buy a single ticket in cash (EUR 2.50/ person).

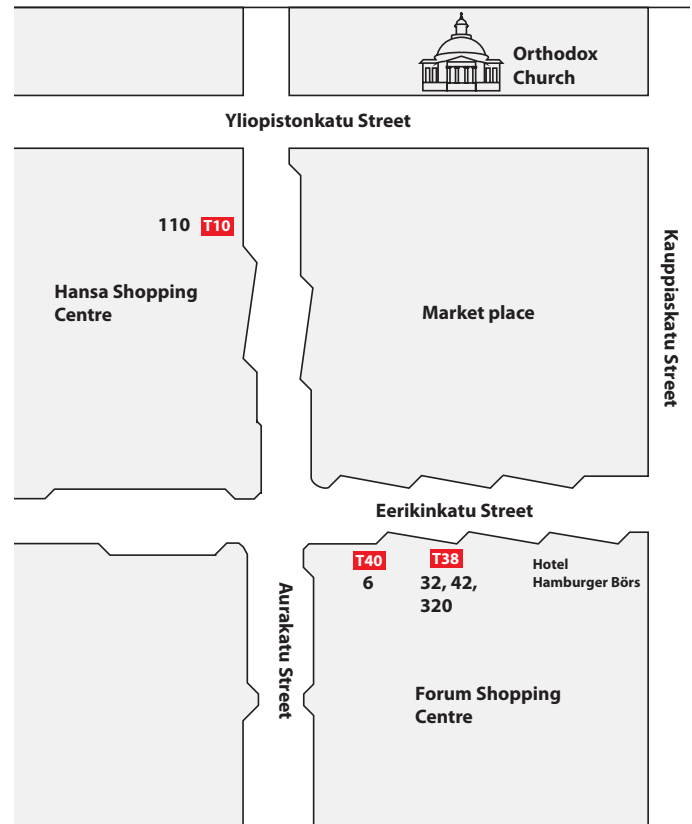

24h travel ticket to local buses

The ticket costs EUR 5.50 and is sold in the buses (cash only). The ticket is valid for 24 hours from the moment of purchase.

Tourist Card to local buses

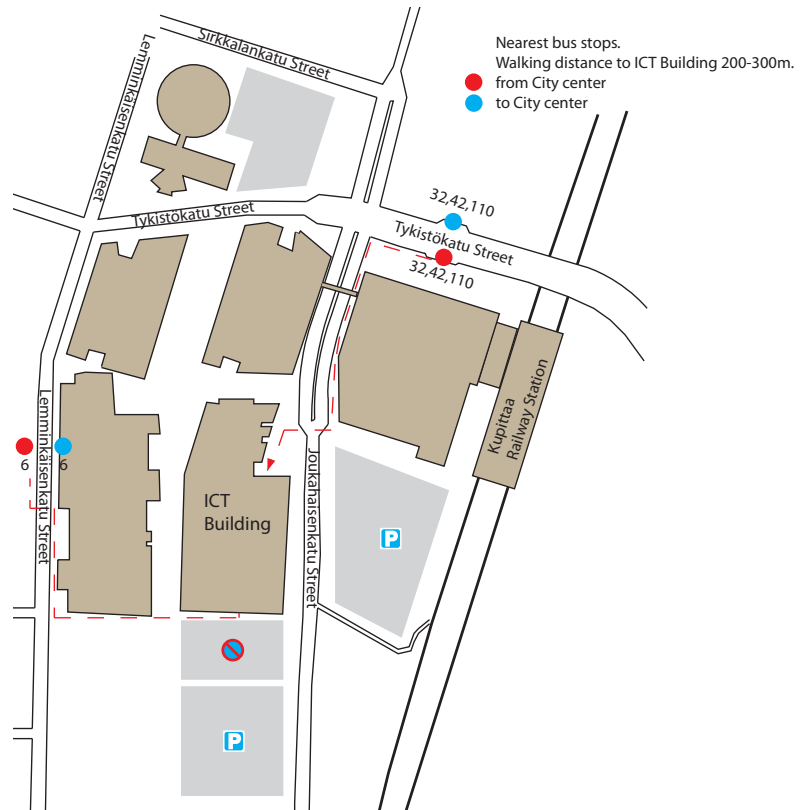

You can save ticket money if you make three journeys by bus during one day.

- The card is valid for 1-7 days.
- The card can't be bought in the buses.

Marketplace bus stops

- The tourist card must be read by the card reader on the bus. The card is valid once it is registered by the card reader, and it is also valid on the night buses.
- The card includes a guided city tour organised by Turku Touring.
- The card can be bought at the Local Traffic Service Office (Aurakatu 5) and at the department stores Stockmann (Yliopistonkatu 22) and Wiklund (Eerikinkatu 11), and Turku Touring tourist information (Aurakatu 4).
- The Tourist Card costs EUR 5.50 / one day, EUR 8.20 / two days, EUR 10.90 / three days, EUR 13.60 / four days, EUR 16.30 / five days, EUR 19.00 / six days and EUR 21.70 / seven days.

Bus stops near the ICT Building

TurkuCard

The TurkuCard carries many advantages for tourists – you'll get to see the numerous sights of Turku, and a host of other benefits as well.

TurkuCard also allows you to travel free-of-charge on the Turku Public Transportation buses.

TurkuCard holders have free access to almost all museums in the city and the Turku Sightseeing Tour.

The card can be bought at Turku Touring tourist information (Aurakatu 4), at hotels and at museums.

24h TurkuCard costs EUR 21.00 and 48 h TurkuCard costs EUR 28.00.

Train Connections

Right opposite the ICT Building is Kupittaa Railway station with connections to Helsinki. The Turku main railway station is located at Ratapihankatu 37

with connections to Tampere, Helsinki and the rest of Finland.

Taxis

Taxis are generally easily available and very reliable, but quite expensive (from ICEE hotels to ICT Building approx. EUR 10.00). Taxis are available at designated taxi ranks but calling the central dispatch is the common method to get a taxi.

Call a taxi:

Foreign cell phone +358 600 14121

Finnish cell phone 0210041

You can also ask the registration desk to arrange a taxi to collect you.

Taxis are marked with the yellow TAXI sign on the roof of the car. If the taxi is available, the TAXI sign will have its light on.

Get-together Event

Date and Time:

Monday 30 July from 17.30 to 19.00

Registration Desk:

Open from 17.00 to 20.00
outside Bellman hall (2nd floor)

Place and Address:

Brewery Restaurant Koulu
Eerikinkatu 18
Bellman hall (2nd floor)

Dress Code: Casual

A casual get-together event is held in the Bellman hall at Brewery Restaurant Koulu. The restaurant, a former compulsory school building, is located in Turku city centre, close to the conference hotels. There you can register yourself, have a taste of the brewery's own beers and have something to eat, enjoy music, and participate in a short presentation on Brewery Restaurant Koulu.

The registration is open from 17.00 to 20.00.

A light buffet and tasting of the brewery's own beers will be served from 17.30 to 18.30. The welcome speech and a short presentation on Brewery Restaurant will take place approx. at 18.00. The event ends at 19.00.

Brewery Restaurant Koulu

Welcome Reception

Date and Time:

Tuesday 31 July from 19.30 to 21.00

Place and Address:

Museum Aboa Vetus & Ars Nova
Itäinen Rantakatu 4-6

Dress Code: Smart Casual

The City of Turku welcomes all conference participants to Turku and Finland at the Aula Cafe of Aboa Vetus & Ars Nova museum. You can enjoy a light salad buffet with wine and jazz music. The museum is located on the east bank of the River Aura, right in the centre of Turku. The Latin name of the museum Aboa Vetus & Ars Nova is a combination of 'Old Turku' and 'Modern Art'. Aboa Vetus conceals an authentic piece of medieval Turku. Ars Nova offers an exciting array of exhibitions of contemporary art with Finnish and international artists.

The doors open to the Aula Cafe at Aboa Vetus & Ars Nova at 19.00. Welcome speech on behalf of the City of Turku is held by Chairperson of the City Board, Ms. Minna Arve. A salad buffet will be served at 20.00. The event ends at 21.00. By showing the conference name badge, it is possible to visit the Aboa Vetus & Ars Nova exhibitions all week at the price of EUR 5 per person.

This Tuesday, the museum is open from 11.00 to 19.30. The rest of the week the opening hours are from 11.00 to 19.00.

Aboa Vetus and Ars Nova

Gala Dinner - Duke John's Renaissance Banquet at Turku Castle

Date and time:

Wednesday 1 August from 18.30 to approx. 23.30

Place and Address:

Turku Castle, King's Hall
Linnankatu 80

Dress Code: Dark Suit

Transportation:

Bus transportation to Gala Dinner leaves from the Orthodox Church at 18.00.
(Address: Yliopistonkatu 19)

Please note, that the Castle has lots of stairs. If you need to use an elevator, please contact the conference registration desk beforehand.

The Gala Dinner will take place in Turku Castle. This most famous landmark has stood as guard over the mouth of River Aura since late 13th century.

The castle has seen both kings and queens as well as prisoners and their jailors pass by. Turku Castle is an important part of the Finnish Cultural and architectural heritage as an architectural monument, a museum and as premises of distinguished celebrations. The castle is one of the most favorite tourist attractions and most visited museums in Finland.

Renaissance Banquet (*Esko Keski-Oja*)

Join us with the memorable evening at the royal court at Turku Castle with Duke John as the host of the evening.

Buses to the Turku Castle depart at 18.00 in front of the Orthodox Church (Address: Yliopistonkatu 19) near the Market Place.

One of the buses drives via the Radisson Blu Marina Palace Hotel (Address: Linnankatu 32) and stops there shortly at 18.15.

The doors to the castle will open at 18.30 and the welcome speech with cocktails take place in the entrance hall of the castle at 19.00.

The dinner menu of the evening is full renaissance delicacies. The iNEER Awards will be announced at 21.00.

The evening ends approx. at 23.30. After that the buses are waiting outside the Castle.

Turku Castle

Trips

Different trips and visits were offered for the conference participants by the Congress Office of the University of Turku. Unfortunately, there were not enough participants to any of the trips and, thus, no common trips will be arranged.

However, Turku and the nearby cities offer versatile opportunities to get familiar with the different perspectives of the local culture and nature. Your conference package includes a comprehensive local tourist guide and the Turku Tourist office & ICEE 2012 Front desk will help you to find the events and attractions you are interested in!

Turku Marketplace
